Olympic Games 2016: The Road to Rio (6 July 2016)

Gosh, this year's Olympic Games seem such a long time ago now but we have yet to describe the various stamps released by NZ Post for this occasion, so here goes:

First off the blocks is an Olympics precursor set of ten \$1.00 stamps featuring the ten events in which New Zealand has previously won Olympic gold medals. These are athletics, boxing, canoeing, swimming, equestrian, field-hockey, triathlon, rowing, cycling and sailing.

The theme of New Zealand's 2016 Olympic Games campaign was 'Be the Inspiration' and design elements of this campaign featured in these Road to Rio stamps. The stamps are an unusual horizontal parallelogram shape which works well "representing movement and reflecting the active lifestyles of New Zealand's Olympic athletes."

The ten stamps are available in sheetlets of twenty and miniature sheets of ten. The sheetlets have two sets of the ten stamps arranged horizontally in a five x two format; the miniature sheets have the stamps arranged vertically in a two x five format.

The stamps were designed by Jonathan Gray, New Zealand Post, Wellington and were printed by Southern Colour Print Ltd, Dunedin by offset lithography in the four process colours on Tullis Russell 104gsm red-phosphor gummed stamp-paper, perf 14x14½ in a horizontal parallelogram shape, ten stamps in sheetlets of 20 and a ten-stamp miniature sheet.

Celebrating New Zealand's Rio Medallists (8 – 20 August 2016)

Shortly before the 2016 Rio Olympic Games started, New Zealand Post announced that they would be issuing Rio 2016 medallists stamps. However, unlike other countries who have similarly honoured their Olympic winner competitors such as Australia and Britain who only released stamps for their Gold Medal world- champions, New Zealand announced that it would be issuing a stamp for all its medal-winning athletes: Bronze, Silver and Gold.

Possibly this was done as, based on previous New Zealand Olympic Games Gold Medal winners this would have turned out to be a small set of stamps indeed!

As it transpired New Zealand's medal haul at the 2016 Rio Olympics was the best ever!

We won 18 medals: four Gold, nine Silver and five Bronze. The 18 medals were: six Rowing, four Sailing, two Shot Put, and one each in Shooting, Rugby, Cycling, Golf, Pole Vault and the 1500m. Our Rio Gold medallists world-champions are: Eric Murray and Hamish Bond in Rowing: Pair-Men; Mahe Drysdale in Rowing: Single Scull-Men; Lisa Carrington in Sprint:

Celebrating New Zealand's Rio Medallists (8 – 20 August 2016) (cont.)

K-1-200m-Women; and Peter Burling and Blair Tuke in Sailing: 49er-Men. Lisa Carrington distinguished herself by winning two medals: Gold and Bronze.

The Celebrating our Medallists stamps were released as sheetlets of six as quickly as possible after the Rio medals awards ceremony. In other words the first one was issued 8 August 2016 and the last one 20 August 2016. (First Day Covers were not produced for this issue.) Curiously the sheetlet for our very first medal-winner, a Silver for Natalie Rooney in Shooting: Trap-Women was not inscribed 'Celebrating our Medallists'; the other 17 sheetlets all were. The image selected was a mix of the medal ceremony itself with our NZ athletes holding their medals, and action shots taken immediately after their event had concluded.

They were designed by Jonathan Gray, New Zealand Post, Wellington and were printed by Collectables and Solutions Centre, New Zealand Post, Whanganui in the four process colours on 104gsm red-phosphor gummed stamp-paper, perf 14x14½ in horizontal parallelogram shapes, 18 stamps in sheetlets of six and an 18-stamp sheet.

1967 Pictorials Booklet Panes Feedback

Following the piece in the October 2016 CP Newsletter pages 3 and 4 describing the remarkable ½c Manuka and 1c Karaka booklet panes shown to us by Jim Shaw of Australia, we have gratefully received feedback from two long-time CP Newsletter readers.

First from Mr Tim Beach of Auckland: Tim shows us a 1c Karaka booklet strip of three, with code letters “XB” on selvage, with the left-most stamp and part of the middle stamp being a close match, if not quite an exact match, to Jim’s booklet pane (see illustration). Tim tells us: “When I worked for Carter Holt Taylor-Carton many years ago, I showed this item to one of the printers and his opinion, as soon as he looked at it, was it was caused by the printing-plate cleaning process and excess cleaning plate cleaning-fluid spilling onto the paper as it went through the press.”

Tim checked on the provenance of the item and learnt that it was from a 50c booklet W9a(b) bought from the Post Office 1967/68, which had had a lower pair from the 1c pane used on mail “before they got home and spotted there was something wrong with the stamps”.

Secondly from Mr Frank Parkinson also of Auckland: Frank scanned us a 1c Karaka used block of four and the left vertical pair from a 1c Karaka booklet pane of six (see illustrations).

Frank says: “Attached are two 1c Karaka items in my collection. The used block of four shows a loss of colour exposing the orange base colour, also note the fading of the brown background, so it may well have been a cleaning-fluid spill. The other is very similar to your illustration.”

Grateful thanks indeed to Tim and Frank for responding.

New Zealand - A Rare Stamp

634(a) A1s (SG140) 1873 Full Face Queen 1d brown, "NZ" watermark, perf 12½, exhibiting advanced plate wear. This is an exceedingly rare stamp, not known to exist at all in mint condition. The 1d brown Full Face Queen exists with four different perfs on Large Star watermark and a no watermark printing. This stamp is from the late printing on the "NZ" watermark paper. For such a rare stamp it unusually has its own space in the Lighthouse New Zealand stamp album, page 4, row four, stamp one.

Our copy is postmarked Christchurch and comes with a BPA, London Expert Certificate of Genuineness (2016) (Cat. \$25000)..... **\$15000**

Key Stamps

Here is a listing of those key stamps, of higher Catalogue values, which seem to be missing from so many New Zealand stamp collections. They are listed here in various grades of condition, from fine to space-filler. A chance to fill those gaps!

Limited Edition and other ‘non-regulation’ Miniature Sheets and Sheetlets

Since 1995 New Zealand Post have been regularly issuing items, more properly termed ‘collectables’, aimed squarely at the philatelic market. These do not receive CP Catalogue recognition; the most they get is footnoted. Nevertheless they are undoubtedly popular with collectors and inevitably do add that something extra to a ‘regular’ NZ stamp collection.

**Here is a listing of our stocks, all offered at extremely attractive prices.
All UHM, unless stated otherwise.**
