Maui and the Fish Te Ika-a-Maui (6 June 2018)

Six stamps telling the story of how Maui fished up the North Island of Aotearoa New Zealand, regrettably in a modern graphic style. Here are the values and design titles but sometimes it is difficult to reconcile the stamp's title with its actual design image.

\$1.20 An impending storm - Maui stows away on board his older Brothers' Waka

\$1.20 Launch the Waka - an intricately Maori carved prow of the Waka

\$1.20 A legendary heirloom - Maui holding his late grandmother's heirloom jawbone

\$2.40 The fierce battle - Maui hauling in the huge fish he has caught: New Zealand's North Island

\$3.00 The carving of the land - Maui's brothers use his grandmother's jawbone to carve up the landscape of the North Island.

\$3.60 Te Ika-a-Maui The Fish of Maui and the Waka - stylised map of the whole of New Zealand.

As usual with this series, the stamps come in two formats: self-adhesive, diecut perf 10x9½ and gummed, perf 14x13½. Designed by David Hakaraia, Wellington and printed by Southern Colour Print Ltd, Dunedin by offset lithography in the four process colours plus gloss fern. Self-adhesive stamps printed on Tullis Russell 220gsm PSA red-phosphor self-adhesive stamp-paper with pale red phosphor, in sheets of 25 with vertical and horizontal roulettes, and jumbo-roll setenant blocks of six without roulettes on thinner self-adhesive paper tagged with red-phosphor. A self-adhesive setenant strip of six was included in the presentation pack. Gummed miniature sheet printed on Tullis Russell 104gsm red-phosphor gummed stamp-paper.

The Armistice Stamp Show Special Award

We are delighted to congratulate this year's winner of the Campbell Paterson Special Award for an outstanding New Zealand Exhibit at the 2018 Armistice Stamp Show, Dunedin – Mr Klaus Moller of Skanderborg, Denmark.

Klaus's fine display of The New Zealand Chalon Heads: 1855 – 1873 received a Large Gold with Felicitations, and was the Runner-up to the Grand Award – as well as receiving the CP Special Award.

Very well done Klaus.

Three New Booklet Discoveries

This month we have three (count 'em!) new specialized booklets to be listed in the CP Catalogue, two of them 38 years old and one brand new!

(1) W169a(z). This is the \$12.00 Mt Maunganui, Tauranga booklet, code: NZ8K24BK, released 6 June 2018. Upon examination this booklet was revealed to be printed on the booklet's backing-paper, ie no self-adhesive on the stamps. This type of production error happened quite frequently late 1990s/early 2000s, but not recently. Offered this month as lot 270(y)

(2) W16a(y) 1980 \$2.00 booklet with pane of ten PA15a 20c Paua shell, with 2 asterisks on selvedge. This must have been a late reprint of this booklet because as well as using sheets from the 2 asterisk final reprint, the inside back-cover of this booklet has altered wording, from 'PO HQ, Waterloo Quay' to 'Freepost No1, PO Box 23'.

The fact that this 2 asterisk reprint booklet has only just now come to light suggests that it may well have been not a large reprint and probably extremely scarce. In addition, unless they were all sold and lost to collectors, there may be 'ordinary' W16a booklets out there with changed inside back-cover wording – certainly worth checking!

(3) W16b(z) 1980 \$2.20 booklet with pane of ten PA15a 20c Paua shell, with 1 asterisk on selvedge. This is the matching reprint booklet to the 1 asterisk \$2.00 booklet W16a(z). Again, only being discovered 38 years after they were issued, this must be another very scarce booklet.
