New Zealand Notes

By Andrew Dolphin

Campbell Paterson NZ 2019 Catalogue Supplement

This year's 2019 NZ Catalogue Supplement will be issued towards the end of May.

The 2019 Supplement will be the largest yearly supplement that we have ever published. We have undertaken a major restructure of several sections of the Catalogue. The Scenic SS and the Heritage SH Sections will now be amalgamated within the Commemoratives Section. These two sections have been put into chronological order within the commemoratives to give an easy way to find all of these stamp issues of this type. This major change has been some years in the making with considerable discussion with others in ways of improving a 'working catalogue'. The Catalogue will now have the following main Sections:- Definitives, Commemoratives, Christmas, Health and Back of the Book stamps.

We believe that the CP Catalogue, with this major restructure, will now make for an easier and simpler one to use without losing any of its specialization throughout.

Also, you will find major revisions of the following Sections:- ½d Newspaper Stamp, First & Second Sidefaces, 1d Universals, King George V plus many later issues.

New Zealand Post and postmarking: revisited

Further to our article in the November 2018 CP Newsletter pages 2 – 3, we can now report further details of New Zealand Post's postmarking activities. Despite it being stated in their 3 October 2018 press-release that "the cancelling of stamps has been reactivated from 8 October 2018" this does not seem to be taking place with any degree of regularity.

Much (but by no means all) of standard size mail in Auckland does seem to be receiving the single printed line postmark NZP1. But we have been informed by a number of reliable sources that much less standard size mail is being cancelled in the other two NZ Post regions: NZP2 Manawatu and NZP3 Christchurch.

New Zealand Notes (cont.)

New Zealand Post and postmarking: revisited (cont.)

Furthermore any mail larger than standard size \$1.20 stamped envelopes are regularly not being postmarked at all, in any of the three regions. Thus, whilst it may be true that New Zealand Post are saving costs by their modified cancellation mark processes, the promise to recommence the cancelling of [all] stamps is certainly not being adhered to.

STOP-PRESS...

As we go to print we learn that New Zealand Post have announced that their seemingly annual 1 July postage rates increases will indeed happen again this year, with standard size mail sent within New Zealand increasing by 10c from \$1.20 to \$1.30, to Australia from \$2.40 to \$2.60, and to the rest of the world from \$3.00 to \$3.30, on 1 July 2019. Postage on all larger sized mailings is also all increasing.

"The End of an Era"

(From 'Rangitoto' the Newsletter of the North Shore Philatelic Society, February 2019)

In February 1980, at the time of the "Zeapex" Stamp Exhibition, there were 29 stamp dealers trading in the Auckland Central Business District [including both Auckland City Stamps and Campbell Paterson]. Over the ensuing years the numbers have dwindled. The last surviving stamp shop was Moreton Stamps run by North Shore Philatelic Society member Judy Grimes, in Canterbury Arcade, [Queen Street].

On 4 December 2018 this too closed – Judy deciding: *I'm going to start a new phase of my life.*"

April 2019 CP Newsletter King George V 1/- pale orange-vermilion imperf sheet serial number block, K12b(z), lot 285(m). An update.

From Graham Wilson comes further information on the RPSNZ Opinion as to whether this imperf sheet serial number block was unique. It transpires that the Royal were wise to be cautious: "no opinion is given", because Graham also has an imperf sheet serial number block!

New Zealand Notes (cont.)

April 2019 CP Newsletter King George V 1/- pale orange-vermilion imperf sheet serial number block, K12b(z), lot 285(m). An update. (cont.)

Graham's sheet serial number is 2182582, compared to the April CPNL number of 2182490. Graham points out that this demonstrates that the imperf errors were not on sequential sheets. "The perforating machine operator must have been having a bad hair day on that day in June 1931. He had 4999 1/- sheets to perforate!"

So, that is two out of the four known imperf sheets identified by Ray Collins as having been issued at Dunedin in 1931. Where are the other two? Does any other George V specialist CP Newsletter reader have one in their NZ collection?

CALs Corner Part 65. An update on 2018 CALs information

Thanks to Steven McLachlan of Shades Stamp Shop, Christchurch, we can add further details to the information given in CALs Corner Part 64 in the March 2019 CP Newsletter pages 2 – 3.

The four February \$1.00 CALs, two gummed and two self-adhesive, were for the Timaru Philatelic Society and their 90th Anniversary 1928 – 2018. The Lighthouse and Little Blue Penguin designs were released 24 Feb 2018 and NZ Post used a Special Pictorial Postmark featuring a Little Blue Penguin on the FDC.

The \$1.00 Flight to the Lights II, 22-23 March 2018 CAL was designed by Air New Zealand pilot Mike White. The CAL was issued 22 March 2018 with FDC receiving a Christchurch cancel. All the FDCs were carried by Mike on the Aurora Australis Auroral Zone Scenic Flight, and received a cachet: Flown to the Southern Auroral Oval 22-23 March 2018. Flight NZ1930, Aircraft Boeing 787-9, Route Christchurch – Southern Ocean – Christchurch, Flight time 9 hours, 38 minutes.

And thanks to Sinclair McLaren for The Armistice Stamp Show 2018 here are further details of Armistice Stamp Show CALs.

The two March \$1.00 StampShow CALs featuring a German Triplane and British Sopwith Camel aeroplane, were not released until 21 April 2018, with FDC postmarked at Green

New Zealand Notes (cont.)

An update on 2018 CALs information (cont.)

Island PostShop, Dunedin. The 24 July 2018 \$1.20 Victoria Cross CAL also had FDC prepared at Green Island PostShop.

The reprinted \$1.20 CAL featuring Lord Kitchener “Wants YOU” did not have a specific first day of issue but was used on Armistice Stamp Show Opening Day covers, alongside the two 1936 ANZAC stamps, with a pictorial postmark dated 9 November 2018 Dunedin.

Finally, from the NZ2020 Stamp Exhibition website we can now give further details of NZ2020 CALs. The first \$1.20 NZ2020 FIAP International Stamp Exhibition, 19-22 March 2020, ‘Supported by New Zealand Post’ CAL was released 21 Sept 2018, with FDC being prepared both at the NZ Post stand at Macau 2018 International Stamp Exhibition, and with an Auckland MSC postmark featuring Auckland CBD from Birkenhead, both dated 21 Sept 2018.

This CAL was then overprinted ‘Ellerslie Event Centre, Auckland’, and this CAL overprint was issued on 28 Nov 2018, with FDC prepared at the NZ Post stand at Thailand 2018 World Stamp Exhibition.
