NZ2020 Stamp Exhibition

Next year thirty years ago, New Zealand staged a prestigious and most successful International Stamp Show. This was the World Stamp Exhibition New Zealand 1990. It was held over ten days from 24 August – 2 September 1990, at the NZ Expo Centre, Greenlane West, Auckland (now ASB Showgrounds Events & Exhibition Centre).

Now, thirty years later, New Zealand philately has another one: NZ2020 International Stamp Exhibition.

NZ2020 is to be held under the Patronage of FIAP (Federation of Inter-Asian Philately). The formal contract to stage NZ2020 was signed by Stephen Chivers, President of NZPF (New Zealand Philatelic Federation) and Gary Brown, NZ2020 FIAP Coordinator, on 23 September 2018, during the Palmares at “Macao 2018, 35th Asian International Stamp Exhibition”, Venetian Macao Conference & Exhibition Centre.

The NZ2020 Stamp Exhibition Organising Committee has chosen the theme “Maritime Heritage and Water” for the Show. Ocean-going canoes were a significant transport mode of the Maori. Coastal shipping: sail, then steam, was the backbone of colonial transport, for example, until 1908 the standard Auckland to Wellington journey involved an overnight ship voyage via New Plymouth.

The NZ2020 Exhibition Logo incorporates an image of a yacht on the Waitemata Harbour in front of the Auckland Central city skyline, Sky Tower being prominently featured.

NZ2020 will be held at the Auckland Events Centre, Ellerslie, from Thursday 19 March – Sunday 22 March 2020. For exhibits from FIAP member countries in all FIP exhibition classes, including picture postcards, 1200 frames will be available. Conditions of participation, fees, awards, special requirements and an Exhibit Application Form (required to be with NZ2020 by 31 October 2019) are available on the NZ2020 website. A wide range of postal administrations and stamp dealers will be taking stands at NZ2020. New Zealand Post is the show's Major Supporter. Collectors can provide financial support for NZ2020 by joining the Supporters' Club. Products and services will be provided in return for that support.

Details are available on the NZ2020 website – www.nz2020.nz

New Zealand Post sorting woes continue

Further to our article in the July 2019 CP Newsletter page 2 regarding continuing issues with the missorting of local mail, we have been informed by more correspondents that the problem is not confined to Auckland.

From Blenheim we learn that for several months now this sender is getting his mail returned to his sender's address on the back of his envelopes. He says: “My Post Office staff now just put these items back in the system with a bright marker around the addressee's address.”

New Zealand Notes (cont.)

New Zealand Post sorting woes continue

Similarly from Palmerston North our CPNL source gives a typical example of a correctly \$1.30 stamped white envelope with a large neatly hand-printed address to Auckland, with a very small return address self-adhesive label on the reverse. You've guessed it: "Two days after posting it was back in my letter-box. NZ Post has real problems!"

Finally we have an outstanding example from our own mail. This was a large white envelope, correctly stamped at the \$3.90 rate, posted in Newmarket, Auckland and addressed to Birkenhead, Auckland. This gets missorted to Tauranga!: "Please redirect to correct address, not Tauranga", with an arrow pointing to the Birkenhead address. Does this work ... ? – No! instead back it comes to us in Newmarket!

Definitely something wrong somewhere. NZ Post needs to sort out this issue of missorting mail!

2019 Reprints

An unusually large number of reprints – eleven definitives - have occurred so far in 2019. Sadly, I doubt this means an unexpected increase in postage stamp usage; rather that the printing size of these reprints has been reduced, necessitating an increase in reprint new printings.

2019 Definitives Kiwi Reprints

New Issue Notes (cont.)

2019 Year of the Pig (16 January 2019)

More of the usual uninspiring Chinese Lunar New Year series for the Year of the Pig, beginning on 5 February 2019. Designs: \$1.20 Calligraphic pictogram pig, \$2.40 Paper-cut greetings pig, \$3.00 New Year pig, \$3.60 Pig Route SH85. SH85 is a South Island State Highway between Alexandra and Palmerston, locally known as "The Pigroot"!

The stamps were designed by Bo Li, Asiaworks, Auckland and were printed by Cartor Security Printing, Meauce, France by offset lithography in the four process colours, perf 13x13¼, on printer supplied 106gsm red-phosphor gummed stamp-paper, four stamps in sheets of 25 with gutter, and a four stamp miniature sheet.

S1830a-S1833a, SM1830/3

New Zealand Native Alpine Flora II (13 February 2019)

New Zealand's first Alpine Flora set was a rather pedestrian set of stamps issued 7 June 1972. This second series is much better.

There are 600 hardy, endemic native flowering species found on New Zealand's mountains between the tree-line and permanent snow, many of them to be found on the Southern Alps. New Zealand's alpine plants are characterised by their tough and adaptable qualities. Six species in full bloom have been selected and have been beautifully illustrated by Kiwi artist Stephen Fuller of Wellington.

Designs:

\$1.20 Mountain Buttercup

\$1.20 Penwiper Plant

\$1.20 Black Scree Button Daisy

\$2.40 Woollyhead

\$3.00 Mt Cook Lily

\$3.60 Moss-dwelling Forget-me-not

The stamps were designed by Stephen Fuller, Wellington and were printed by Southern Colour Print Ltd, Dunedin by offset lithography in the four process colours, perf 14, on Tullis Russell 104gsm red-phosphor gummed stamp-paper, six stamps in sheets of 25 and a six-stamp miniature sheet.

S1834a-S1839a, SM1834/9

New Zealand Lighthouse Perspectives (6 March 2019)

New Zealand's lighthouses have frequently been featured on NZ stamps, from the entire Life Insurance series 1891 – 1981, to 2009's set of five lighthouses, and many other individual definitives, commemoratives and miniature-sheets. So this issue had to be different, not just a similar repeat of those previous stamps.

New Issue Notes (cont.)

And it is – these six stamps depict the view seen through the windows high up on six of Aotearoa's classic lighthouses. These vistas are symbolised as seen through black rough-gloss window-frame bars, which is a little disconcerting at first but I think works after you study the stamps.

New Zealand's first lighthouse was lit in 1859; the last to be demanned was Brothers Island lighthouse in 1990. Now all lighthouses are automated and monitored remotely, or retired from duty and replaced with modern beacons.

Designs:

\$1.20 Pouto Lighthouse, Northland

\$1.20 Manukau Heads Lighthouse, Auckland

\$1.20 Baring Head Lighthouse, Greater Wellington

\$2.40 French Pass Lighthouse, Marlborough

\$3.00 Nugget Point Lighthouse, Catlins

\$3.60 Puysegur Point Lighthouse, Fiordland

The stamps were designed by Hannah Fortune, New Zealand Post, Wellington and were printed by Southern Colour Print Ltd, Dunedin by offset lithography in the four process colours with two different glosses: UV high gloss, and rough gloss, perf 15x14½, on Tullis Russell 104gsm red-phosphor gummed stamp-paper, six stamps in sheets of 25 and a six-stamp miniature sheet.
