Nigel Shanks & David Holmes

On April 7, David Holmes announced via email to the CP database that Campbell Paterson and Auckland City Stamps will be handling the sale of the Robert P. (Bob) Odenweller Specialised Reference Collection of New Zealand Stamps.

This particular collection has been Bob's passion since the mid 1970s and the decision that now is the time to sell has not come lightly – Bob himself stating to me that with the significant gap in his bookshelf, he “now knows what it may feel like to have a leg amputated”, further stating though that he hopes that “parts of that ‘leg’ will please new owners”.

While many CP clients will be familiar with the ‘Odenweller’ name – perhaps recognising the author of “The Postage Stamps of New Zealand 1855-1873: The Chalon Head Issues”, published in 2009; there will be those who may be scratching their heads and wondering ‘who is Bob Odenweller and what is all the fuss about?’ Thanks to information gleaned from articles Bob has written and his own comments to David and myself, I'm pleased to provide the following information for CP Newsletter clients on this remarkable New Zealand specialist.

Early Years

Bob started collecting New Zealand stamps in 1945, at the ripe old age of 7; but it was not until he was 15 in 1953 that he purchased his first Chalon – just after he had acquired a set of Red and Blue Boys for \$20.00. From that early period he became interested in specialisation using Pim's Catalogues as a guide until around 1961 when he discovered the Campbell Paterson Catalogue and commenced what would be a ‘long and fruitful association with the company and the author/originator of the catalogue’. In fact he first met Campbell Paterson at a Robson Lowe Burrus sale in July 1963. Bob, a B-52 pilot at the time travelled from the USA via Omaha, Nebraska, to northeast Spain, then to Madrid and finally to a base outside of London before he arrived at the sale to see Campbell Paterson himself who he describes as a ‘distinguished looking gentleman’ with a rather ancient copy of a Campbell Paterson catalogue.

Exhibiting, Judging & Awards

Bob's collection developed into a national exhibit that received the APS Champion of Champions award in 1973, this was a first for an exhibit of foreign material. By 1975 Bob, who was living in Bermuda at the time, had won many Gold and Large Gold medals for his New Zealand material and had also been working as an apprentice judge. Deciding it was time to come home to the USA, a house was found and as is so often the case the price of the house required a reduction in the stamp collection. Not able to part with his Chalons, his New Zealand material from 1874-1974 had to go! In Bermuda there are no street numbers and houses are all named, and when his house in the USA was purchased it was named ‘Chalon’.

The latter part of the 1970s saw five Large Gold Medals from five Exhibitions. By 1980 the collection had received the FIP Grand Prix d'Honneur and was retired from active competition. Bob was elected to the roll of Distinguished Philatelists in 1991 and has received the Luff and Lichtenstein awards as well as both FIP Medals for Service and for Research. In 2007, he was elected an Honorary Fellow of the Royal Philatelic Society of London.

Expertisation

Bob has been an ‘expert’ since 1968 as well as being a former vice president and board member of the International Association of Philatelic Experts (AIEP), an organisation he was first associated with in 1980.

Bob began expertising and issuing his first AIEP Certificates and over the years became well known as a very credible expert for New Zealand certificates. We estimate that there have been hundreds,

Editorial (cont.)

if not thousands of certificates issued by Bob which verify the status of some of New Zealand's great philatelic rarities. Bob's knowledge and dedication in this area has led to him being greatly respected around the world as an AIEP expert, especially in relation to New Zealand Chalcids.

The Reference Collection

In the mid 1970s, some two years after the sale of the material used to fund the house purchase Bob made the decision to commence a reference collection of New Zealand stamps with all listed varieties in Campbell Paterson being the goal.

At first it was to have one example either used or unused of each shade and variety before 1900. However after starting that way it became apparent that one would not do as the range of shades within a 'family' might not be as distinctive without having more. From there the scope of collecting was adjusted to having one unused and two used of each shade – this worked well and was very pleasing to look at when examples were mounted on the page.

Robert P. (Bob) Odenweller

It is this collection, painstakingly put together over 5 decades which is being offered for sale by Auction and Private Treaty later this year by Campbell Paterson and Auckland City Stamps. The collection has a current CP Catalogue value of just over \$3,000,000.00 and while it contains many great rarities with equally great price tags, it also contains beautiful examples of CP listed shades and varieties with a more modest catalogue value.

Bob's reference collection represents an opportunity for New Zealand collectors to own material from one of the great reference collections of New Zealand stamps ever assembled. The collection has been housed in six Frank Godden Albums covering the period 1855-1935. Along with these albums there are major collections of exhibits of the 1898 & 1935 Pictorials. The most extensive part of the collection is the Imperf & Perforated Full Face Queens showing a vast array of shades of all printings, some purchased from the late Marcel Stanley's collection, with mint and many used examples.

One has to admire the care and attention that Bob has taken to put together this collection. The quality and condition is very high across all of periods covered; from the conservatively priced printings to the great rarities. Our Auction & Private Treaty catalogues will surely become future reference catalogues for all specialised and semi-specialised collectors of New Zealand stamps.

Each item, regardless of price, sold by Auction or Private Treaty will be accompanied with a Special Certificate with description and CP Number stating it is from the Odenweller Reference Collection.

Campbell Paterson, in cooperation with Auckland City Stamps, are privileged and honoured to be handling the sale of this material and we look forward to presenting our clients with **Part One** of the **Robert P. Odenweller Reference Collection** in July 2021.

Please contact David Holmes for further information or to register your interest.

Bob purchased his first Chalon in 1953 and in the years that followed the collection developed into a national exhibit that received the APS Champion of Champions award in 1973. Bob was elected to the roll of Distinguished Philatelists in 1991 and has received the Luff and Lichtenstein awards as well as both FIP Medals for Service and for Research. In 2007, he was elected an Honorary Fellow of the Royal Philatelic Society of London.

In 1975 Bob sold his general collection and after two years made the decision to commence a reference collection of all listed varieties in the Campbell Paterson catalogue. At first it was to have one example either unused or used of every shade and variety before 1900. After starting that

way, it was apparent that one would not do, as the range of shades within the ‘family’ might not be as distinctive without having more.

The collection, with a current Campbell Paterson Catalogue value of over \$3,000,000.00, contains a stunning array of New Zealand specialised material which is noteworthy not just for its rarity but also the fine condition of each example.

The collection will be offered progressively from mid 2021 via a private treaty listing and Public Auction. Each item from the sale will be accompanied with a certificate illustrating the stamp and stating it has come from the Odenweller Reference Collection.
