Editorial

Nigel Shanks

Despite (or perhaps because of) the continued global uncertainty, the philatelic market continues to be very active across the board from large estate lots to single item rarities of exceptional quality. As such we are being kept extremely busy as we deal with keen buyers and sellers of quality (and often exceptional) New Zealand material. It has been many years since we have seen the market this active with renewed interest from both existing clients and new collectors who may not have picked up a stamp for decades entering the hobby.

This month's front cover illustrates a recent new discovery comprising a sheet of 50 of the 1986 Kakapo Definitive with an unissued 25c value and printed with no inscription markings. The stamp was officially issued by New Zealand Post on May 1, 1986 with the correct new rate of 30c. The sheet was reportedly displayed at the New Zealand Post Impressionist Exhibition that was held at Te Papa Museum in Wellington. Campbell Paterson clients are being given the first opportunity to purchase an example of this unusual item in this newsletter.

The Campbell Paterson New Zealand Supplement will be issued in August 2021 and standing order clients will receive their set as soon as the mail allows – remember that international mail can be very slow at present so please be patient. If you are unsure of your standing order or wish to amend it then please contact the office. As well as the latest issues and usual amendments, the 2021 Supplement will include a comprehensive section on Proofs and Essays of New Zealand stamps from 1855-1960. The new section will cover Essays, Die Proofs, Plate Proofs, Presentation Cancells and Specimen stamps.

Saturday August 28 will see Auckland City Stamps offer the first of Bob Odenweller's material for Public Auction. CP Newsletter clients will be mailed a copy of this specialised auction which also can be viewed at www.aucklandcitystamps.co.nz. For the first time customers will be able to participate in live bidding (as well as bidding in the room, by phone or mail). The Odenweller Reference Collection contains 478 lots with estimates totalling just over \$900,000.00.

Each lot from this auction will be accompanied with a Special Certificate illustrating and describing the item as well as stating its lot number and verifying that it was a part of the Bob Odenweller Reference Collection. A sample of this certificate is shown over the page.

The auction contains many rare and unique items assembled over 5 decades, with almost every item illustrated and identified by CP Number in a catalogue that will become a future reference in itself. This public auction represents an opportunity for CP customers to not only acquire some exceptionally rare and sought after material but to purchase items of very high quality from one of the greatest reference collections of New Zealand stamps ever assembled.

Again, due to delays with the mail we encourage CP clients to view and download this spectacular auction on line and contact the office for further information as required.

Auckland City Stamps and Campbell Paterson will have a stand at Royalpex 2021 – a National New Zealand Stamp Exhibition being run by The Royal Philatelic Society of New Zealand from September 10 – 12, 2021. The Exhibition is being held at the Palmerston North Conference and Function Centre, Main Street, Palmerston North. We look forward to seeing those attending and please do contact the office if you have any special requests of material you'd like us to bring as we will have limited space.

We look forward to being of assistance.

Example of the Special Certificate that accompanies every item sold in the 'Odenweller Reference Collection Auction'.

In Memoriam

It is with sadness that we report the death of long time Campbell Paterson employee Andrew Dolphin on May 26, 2021. Andrew was hired by Warwick Paterson, joining CP in 1988, and worked for the company until his resignation in February 2020.

Our thoughts are with Andrew's family at this sad time.

Bob purchased his first Chalon in 1953 and in the years that followed the collection developed into a national exhibit that received the APS Champion of Champions award in 1973. Bob was elected to the roll of Distinguished Philatelists in 1991 and has received the Luff and Lichtenstein awards as well as both FIP Medals for Service and for Research. In 2007, he was elected an Honorary Fellow of the Royal Philatelic Society of London.

In 1975 Bob sold his general collection and after two years made the decision to commence a reference collection of all listed varieties in the Campbell Paterson catalogue. At first it was to have one example either unused or used of every shade and variety before 1900. After starting that

way, it was apparent that one would not do, as the range of shades within the ‘family’ might not be as distinctive without having more.

The collection, with a current Campbell Paterson Catalogue value of over \$3,000,000.00, contains a stunning array of New Zealand specialised material which is noteworthy not just for its rarity but also the fine condition of each example.

The collection will be offered progressively from mid 2021 via a private treaty listing and Public Auction. Each item from the sale will be accompanied with a certificate illustrating the stamp and stating it has come from the Odenweller Reference Collection.
